My D. Cousin will I am sure
excuse my not writing to her by the Mails
since I rec.d yours by my dear Husband, I
did intend it by the last Mail but my D. Mother
and myself talked so late that I had not time
to write. I went in on Thursday and staid till
Saturday Evening, Mama was much better and in
good Spirits on Friday, but she writes me to day
that she was very sick last night, the pain in
her head and ears returned and she suffered much
untill she was bled; I was in hopes the Blisters
behind her ears had relieved her much, but they
dried up too quick, she will apply others if she
is not relieved in a day or two. I shall go in
to her Tomorrow if I do not hear she is better
