I want a few Articles from Baltimore which I can't procure here, and as I have already given Cousin Nancy Chew a good deal of trouble, I must request you to get them in your walks. I want a piece of Satin such as you were making when you were last here, I want three pair of short Gloves, one of them white the others had Colour, 2 pr of new black Kid Shoes turned, No. 5 is too large for me you have used to fit me but as I have worsted Stockings now, you must get them rather less for you, and I chuse them sharp toed if you can get them I can't bear the round toed fashionable ones. Mama is of opinion that you and Cousin Fanny will not be in black Gounds when we get to your House, and I wish to know what Mourning you wear for our poor Uncle, as I wd. not wish to have on more than you when we meet, and in that case Mama wd. be glad to take it. since I wrote the latter part of this letter we
