Unknown letter (Mrs. Galloway?)

SIDE ONE

Fountain Rock. August 10th

I will not tire My dear Cousin with a
relation of the many attempts I have made to
scribble a few lines to assure you that my
anxiety for the happiness and welfare of you
& your family is as great as ever,— I was made
very happy by hearing you were all in perfect
health, day before yesterday, Mrs. John Galloway
made her appearance and I think him much
grown and improved in his manners, he is so
much altered that I actualy did not recognize
him for some moments.— There is a number of
people now at Bath. I am in constant expectation
of Mrs. Smith poor little woman her health is wretched
but I believe it has been much benefited since her
stay at Bath, Polly Ringgold is also with Mrs. R.s
family to be out with her, I am sorry to say I am
is very little better if any, indeed I see not the small
-est alteration in that way since he came to this
