SIDE TWO

the next day the skin came off making it look perfectly raw but to day there seems to be a new skin formed and she is quite well and good as it is possible for a baby to be amused herself in the crib and then on the couch for an hour she has two teeth the lower ones in front

Can Bessie be cutting any more teeth she has four double ones on each jaw but she seems so fretful sometimes and it seems to me that there is a lower one farther back which seems to be troubling her. You have forgotten to answer my question about the Mangoes I am afraid I have not enough horse radish. But now Good-bye I will write again very soon

Your affec. daughter
