1859 November Ann Eliza Morris

SIDE ONE

1859

Mrs Ann C Morris

West River

1859

My dear Sister

You will have heard of Margaret's merciful preservation. She is doing wonderfully well & we now apprehend no dangerous consequences from her injuries. The American's account of the accident was pretty correct. She has a shocking looking face, but does not now suffer much from it & hope will soon be well. Nothing but Divine interposition could have saved them.

The weather is so mild I hope the workmen are making good progress with your house.
