I am very much obliged to you, dear Mother, for your kind note, for I know how much you have to think and to do just now; without any additional writing – I am so glad that Cousin Emily is with you for I know how pleasant it must be for you to have her. it is a real treat to you –

I am now alone in my glory here – Ma is up at Mt. Holly, and they are all away from

for not having had a nurse for him – Ches very kindly gave us command of his carriage while they were away, so we see we have everything we can desire – I have sometimes been afraid we have put Father to fatigue for he would insist upon our taking his, and driving for awhile when Israel leaves the office, and we have enjoyed it much, but I would not have him inconvenienced for anything – I hope he will run down to you before long, tho' he seems well, yet I think the change would do him good – we do so enjoy having him of an evening – I send Mollie's shoes, if they do not fit, don't hesitate to send them back – it is no trouble whatever – A great deal of love to all from your affect^e Annie –

Many thanks for writing so fully, I will put it in my pocket & read it at my leisure
