SIDE TWO

am I Lord. Do with me as seemeth good in thy sight." I know of sunrises on seal by a Fathers love. Strength will be supplied from a Fathers arm. and protection beneath a Fathers wing

I am favoured with a wonderful health and general prevailing peace. Sometimes a dark shadow flits across my path. There is never the exultation joy or believing which I once knew but there is of the entire blackness of darkness which has made me affirm that of the fearful curse. "Bind him hand and foot & cast him into outer darkness." what is the fearful doom of the unbelieving & unpropitiated sinner.

The weather is warm but I am not offended with any anxious cares & unusual cares. The dear children are ~~better~~. Mary will Galloway is better in health & very busy.

I observe in the newspapers that the Gentlemen is to go to Annapolis. You will see by letters what days she is expected & must take good look out for her as the horses

Israel and Clinton consider a phaeton with all when I have heard express their views after seeing her. that it is not worth ~~going~~ while to enter the business of going on board her. The magnificent size and fine proportions are best seen from the outside and the arrangements and decorations of the interior are inferior to those of our own steamers. Israel & Clinton say the Dennis dog lines are not equal to those of the Flight Yankees I do hope you may not miss the sight or the passes. if Horsey takes boys to visit her they will only see and Mary remember it does not pay for a boat ride or trip on the Great.

Be sure you get good look out for them as the passes. It will be worth seeing as the news will make and the truth in this dispatch & confidence as this is one of the wonders of modern marine art.
