My dear Mrs Morris

I received yesterday by sister your kind note & the beautiful shawl, it is a beauty & I do not think $10.00 a bit too much for it & shall be most happy to send you the money at once, or if you would rather wait & let me pay for them all together I can say & say that you should marry Jonathan & Mary. She is only waiting to hear from the $10.00 to send Mary's Rabbits, again dear Mrs Morris let me beg that you will not think about my things, I have say when those are done I shall have some other things for you to do if you are willing to undertake them. give much love to Mary & Nancy & kisses to the children. I expect little Mary is lonely,
