SIDE TWO

There is no "Refuge" here for coloured children.

I am glad to hear you are all well. I had intended to leave the City to take you to Walbrook to morrow afternoon, but as you say you must go through the lower, I shall not remain in town. It just occurs you cannot receive this letter at W.R. which I shall therefore direct to Ann.

The Whitalls very kindly urged Margaret to come with Lizzie & Mary & take a room at their Cottage. It was rather too good an offer to decline. Margaret seemed to require some change & I hope it will refresh & strengthen her. I am pretty well. Hannah & Ellen Carey keeping house for me.
