1865 Caroline Morris

SIDE TWO

things – Still, I suppose I ought not to complain as it gave me a patient & the child is fortunately doing well.
Mrs Robb is doing very nicely – able to be "up & about" for a short time.
Old Mrs Watson has been very ill & thought yesterday would die but seemed better this morn.
Mr Clark, 18th St, has been complaining again but feel quite well yesterday & went out of town today.
The patients doing very well, except our friend, Miss C., who has facialis now & can eat nothing but ice. Will go to the Hospital tomorrow though as usual. I can't say she looks any worse or seems any weaker than when you left. Her foot still swells & requires daily bandaging; Agueline trouble are gone. I took tea this Evng at Smalls – all well there again – Israel drinking Bidford Water. I managed to treat Effie's gums with the Hydrog. Chlor. mit. in spite of the Rhubarb – the third time this has occurred with me this Summer & it almost disgusts me with Hydrargyrum. Sally's youngest boy has Hooping Cough but they say is doing very well – all the rest well out there.
I was at Mr Israel Morris' in Arch St yesterday Evng – went to see Mrs Morris about applying for a vacancy in the Medical Staff of the Foster Home. She was very kind indeed & promised to nominate me on Tuesday. Mr Morris was not quite well I believe though not enough sick to keep in the house.
I have heard nothing from Green Street since I last wrote.
I saw in today's paper a short acct. of Bishop Potter's last illness, which I will cut out & send you. It appears he died of "Panama Fever" – at least that was what I heard from his Son at Mr Welch's on Thursday Evng.
I forget whether I mentioned before having
