

June 21, 1932.

Mr. Louis A. Simon,
Office of Supervising Architect,
National Archives Building, SA
Washington, D. C.

Dear Mr. Simon:

I have been out of town most of the last week, or would have expressed sooner, my appreciation of the trouble you have taken in sending me the very useful notes.

I would like very much to go over the drawings of the smaller European Archives Buildings. The funds available for my work are so small that only the most elementary scheme is possible, but I am sure I would get many useful hints as to details.

I can come at any time next week you suggest.

Very sincerely yours,
