own room - and I so often look at them every day & recall many scenes - words & thoughts of that dear to be forgotten time in Egypt. - both are remarkably good - I trust you have both spent a happy summer in Maryland I have often tried to picture you there - & regret I were not able to accompany my beloved husband on his visit to your country - I trust too your daughter in law is stronger - it's such a pleasure to hear about those you have talked of to me.
