SIDE ONE

My dear Uncle,

Israel & Cousin Annie paid us a little visit yesterday evening, when Israel told me he had just rec.d a letter from you, authorizing him to make me an offer of further assistance if I needed it at present. I am truly thankful for your kindness, but am not in immediate want of money — Uncle Sam's draft having come in time to meet all my necessary expenses for this month.

Practice, I am glad to say, has been much better for the past week and I trust I shall now be kept busy.
