My dear Uncle,

I cry many thanks for your kind letter just rec^d. Ellen & I most fully appreciate all your kind expressions of love & rejoicing with us. Each day makes me more & more grateful that Ellen should have passed safely through such prolonged suffering in her unpromising condition. She is doing perfectly well so far and the baby (Katharine Hart) seems as well as possible. I am glad you are looking after Miss Griffith, as I know she doesn't miss me in that case.
