My dear Dr. Morris

Your most kind and welcome letter reached me this evening. Mary had recd. it this morng. on her way to town, and of course took it with her, being anxious to know its contents. Had I recd. it earlier I should have acknowledged your kindness by the night's post. We are both very thankful to hear your anticipation of a more pro-

with me again. My own health is greatly improved, I am thankful to say. I need scarcely add that a note from you, whenever you find time to write, conveying information as to Aunt M's condition, will be most acceptable. With Mary's and my own love to her, and to Uncle P., and to Mrs. Morris, I am,

My dear Dr. Morris,
Very faithfully yours
F. C. Darnall

Dr. Caspar Morris.
