1874 January - May Cooper Morris Incoming Letters #154

SIDE TWO

has felt much disappointed in not seeing you, as in your last letter, you promised her a visit, when she felt she could make all clear to your mind, that the above is a just debt and her due. It would greatly relieve her of her present embarassment of heavy taxes &c. I regret much that in the decline of life, she should be so harassed, and with the Church would see fit to pay her, even a hundred dollars at a time. She has a few boarders but they do not clear her expenses. She has no knowledge of my writing you, but knowing you are a follower of Jesus, and an active churchman, I beg you to give this request some consideration, and reply as early as possible. I am living with my Aunt Eliza Snowden at No 28 Mulberry St West of Charles.

Yours respectfully
Miss Harriet S. Nightingale
