blessing came through all safely and by
the good will as I must ~~we~~ believe
we are teaching school in jaffa City for
our rent. Willie speaks arabic and I teach
english. our schollars are the son and
daughter of the English Vice Consul,
a few one month more will finish this
school, and then we hope to get another
but in the mean while we must have to
pay our rent, for times are dull at present
here and we have to teach four hours each
day to pay the rent which takes our
time up so that when we get something to
do, we have not so much ~~much~~ time, aside
from our own work, therefore: I wish to
ask a favor of you, to raise a subscription
for a poor christian mother and her son,
who are struggling in the midst of poverty
to spread the word of god. We have enough
to live and pay our rent for one month
after this month is finished, our trust is in
god; thanks to him we have good health, the
hope you and family are well also. enclosed
I send a letter to my sister will you please
forward and let god reward you. resp Nelly Riley
