Dear Dr. Morris

I suppose that you and dear Mrs. Morris are in joying your own home & your dear grand-Children. I hope this will find you all well. But we are never satifyde with the good things of this world. for I regret that your visit could not of been prolonged over the better and at home as at Clifton yet. Please give many thanks to Mrs Morris for her New Years card, it is dutiful and dear love. Please excuse all mistakes we are having very bitter cold weather & ditilful slaying so they say.
