Dear Sir

In reply to your yesterday rec'd. this morning — we found we could not wait to get the Plate proof back from you even if sent otherwise did not send the book will be out tomorrow or next day — It would be out of the question to alter the paging for the 20 copies of your Essay which the Trustees instruct us to send you gratis — If you wish to print an edition of 250 or more of your Essay, we have the plates of the book, the lithographic drawings are still on the stones — shall we give you an estimate of this kind?

Resp'y Yours
Wm Wood & Co
