My Dear Sir

Mr Wells of the Bulletin a member of the State Board of Public Charities, is a great friend to our enterprise - & printed the full text of your letter, & furnished me 500 copies, slips like the ones I sent you, for $1,50 -

I am aware of, & regret the errors, but shall circulate them unless you desire otherwise

Our inmates spend their evenings at music, chess, checquers &c -

We have 30 vol's in raised type, after evening prayers the daily newspaper is read, & other reading matter from time to time, but all within ourselves

Dear Sir

Your note with reference to slip for revised, it shall be corrected & without doubt Mr Wells will be pleased to do so without charge. No more of the faulty ones shall be circulated

With reference to the concert excuse me. I supposed you were in possession of a programme, the Da Inst very generously cooperates with me as the object is first to advertise the store in this locality & the proceeds to purchase a piano or a cabinet organ for the use of our inmates.
