1876 September - November Cooper Morris Incoming letters MS 1954

SIDE TWO

require attention:

(1) In the last Monthly Report of Class Standing, three Pupils were marked leaving for misconduct. Dr Hutchinson and I thought these cases should have been reported to the Committee and I wrote to the Principal requesting him to give me a full statement. He will find his delay to arise. My intention was to call a Special Meeting of the Cmte to consider the matter.

(2) I wrote to the Principal for some statistics as to the age of Pupils. I have also requested him to send for those which I hereby wished for information. I have not seen them.

(3) I shall for a letter received last month from Mr Chapin as to date of admission charge to the Wednesday Exhibitions, and have to request that it may be read at the Board (with my reply, which Mr Chapin has forwarded) and appended to the Minutes of the last Meeting of the Committee. I think this will be well, inasmuch as one Member of the Board (I hope in a moment of forgetfulness) was guilty of the indecorum of characterizing the action of the Cmte as "disgraceful".

I am, my Dr Morris,
Most sincerely yrs

Jas S. Pollock

Dr Cooper Morris
Phila.

P.S. It was my intention, at the next meeting of the Cmte, to advise a refusal of increase of Salaries asked for by two of the Teachers, and that the Principal should be requested to discourage the very frequent applications of that kind which come to the Cmte.
