April 9th/78

Sir

In reply to yours of March 27th I have a distinct recollection of having mentioned that a sum of money had been paid into the Treasury by my grandfather which had been intrusted to him by American friends — but I do not remember when I referred to it — what I know on the subject is only what I often heard my grandmother repeat —

otherwise it could not be of much use —

I have the honor to be Sir
Yrs. &c &c
H. Grote
