1878 Casper Morris incoming Letters MS 1949

SIDE ONE

37, Queen's Gate.
S.W.

My dear Dr Morris

I was very glad to get your note of 30th. I had one of some date from Lady Pimpernel who enjoyed your visit to him greatly. I am sorry Mrs Laughton did not get the advantage of your affectionate consolations. And you will return without my seeing you before you part from England! I am sorry but I trust that you will ever be guided and watched over by Him who is your stay and support. I am grateful that I was permitted some conversation for a fortnight. I never knew what it was before. I suppose you have often seen it in your practice. I have an inclination to go to Scotland but the opinion of my advisers I suppose you will say ought to prevail.

Count Galle & wife Mr & Mrs Dana have been here. The Roberts girls being all married I suppose their house will be sold.

With our affte. regards to Mrs M. & yourself & our best wishes for a pleasant voyage

Sincerely
Jno. Millais

Mr J.W. Garrett wife and daughter are yet in London I believe. The Bedfords have their hands & I have seen little or nothing of them
