1880 Cooper Morris Incoming letters MS 1944

SIDE ONE

39 Fourth St
April 10. 1880

Dear Dr. Morris.

I called yesterday to see you in regard to securing a pension for the children of my late brother, the Rev. Wm H Paddock. The papers originally taken out by him, one of which you were so kind as to write, have been lost in Washington, & new ones must be made.

Would you be kind enough to write what you once told me, that my brother's blood was so poisoned by contact with disease at Port Deleware as ultimately to result in his death. If you will make out some such paper & send it to me you will greatly oblige

Yours truly
Dear Cooper Morris — W. H. Paddock
