C R 8 F

n.d. Caspar Morris incoming letters D-G 1894.

SIDE TWO

She had of course a very uncomfortable night despite all our palliating measures. But no bad symptoms and is to day "as comfortable as should be expected".

We may possibly find it advisable to remove some small tumors a month hence but we did all at this time which seemed advisable at once and hope for great relief in this trying case.

Yours very Respectfully
R. B. Gleason
