n.d. Caspar Morris incoming letters H A94

Dr Caspar Morris.
West River. Anne Arundel Co
Maryland.

here desire their love to you both. I suppose your future letters had better be directed to Cousin Henry's care, 520 Tasker St, as it will save sending them down from home. I hope, dear Cousin Caspar, you begin to feel a little stronger for your rest, and will continue it until the improvement is not questionable. The weather here is very warm and exhausting, real August weather, I should be sorry to have you exposed to it in the city. Best love to sister Anne, dear Mary & the children, I wish I could see them all.

Your loving & grateful
sister. E. H.
