n.d. Caspar Morris incoming letters O-S 194

SIDE ONE

Sunday. Feb 25.

Dear Dr Morris

I have just written to Dr Kingsley & I gathered that beer & ale be dispensed with at the Lunch on Thursday next. While I occasionally use them myself when I feel the need of them yet I feel very safe with you that as the Auto Kans of a great moral institution makes the Hospital we ought to set a decided example of abstinence.

I am with real love

Very truly Yours

W Thom Stevens

Dr C. Morris
