April 30. 1881.

My dear Son

We propose to take lodgings for a week on Monday unless there is some reason why we should return to Philadelphia. Cousin Hannah is doing well. I do not necessary get out it is best she should not go back just now. We can get good board (Platter Chamber & other parlor) at $16 per week instead of $17 which we are now paying. If there is any reason why we should return telegraph to us early on Monday Morning
