My dear Son

We shall be glad to have a report of your final proceedings at Long Beach & in Baltimore and of the present state of our various relations. Let us hear from you at your earliest convenience.

I had, strangely enough, taken it for granted that your servants would remain at your house in Germantown, until Israel & Anne told us they would go with you to Eagles Mere. This leads a question upon the

plans without interruption. I am quite upset. Israel is off the road. I hope you will be able to do or say something which may right me. I do pity my children. May God love & bless them.

Your loving but very troubled father,
Caspar Morris

Let me hear from you soon.

Is it too late to go to Newport? If you make Mr Tow at home ask him to let me know about Newport. Are your aunts well enough to have me? I have no right to impose myself on them. Sought to have declined.
