SIDE TWO

We pass our hours here with great regularity & quietude and I am able to eat and sleep comfortably. I see the flag steer floats freely and the reports of stock sales in the N.Y. Papers give no evidence of agitation on the part of "Bulls & Bears" –

"Nevertheless the word of God standeth sure. The Lord knoweth them that are his – and let everyone that nameth the name of Christ depart from iniquity."

For such as thus believe there can be no agitation.

"All is well."

Your ever loving father
Caspar Morris
