G. C. Morris
Rst Friend.

I have written to the parties interested at West River for you all to meet here Thursday the 22d at 9 A.M. so as to have the day before you, & permit you all to return before Christmas. It is not every day that will suit B. R. Newcomer as he has engagements from home frequently just now. You can then settle every open question & I hope that the Milbourne deed will then be ready for the signatures of such of you as will be here. As the $10,000 matter is an important one & we shall all soon meet we will leave what I have to say until then, as it will be more satisfactory to us both. Respy Yr. J. Pling
