OFFICE OF THE

acknowledged the rect. he feared that it had gone astray. Did you receive it? I instructed Yeadmyer to get the Tax Bill for 1882 and send it on as it ought to be paid.

In regard to Executors Settlement I went carefully over the Auditors report a copy of which was sent to you and while the acct is stated in a very complicated way I think that the ~~deductions~~ result arrived at is correct. The ~~account~~ amt. due to each one of us is made up by taking the proportion coming (say to you) from Nett income $547.49
from Balance of Principle 32.68
Amt. due you to equalize division of Principle 8.96
$589.13

from which deduct Horse 300.00
Colateral Inh Tax on Real Estate &c &c 464.59 764.59
Balance due by you to settle acct. $175.46

I examined the charge made against each of us in the acct of some 3 or 400 dollars (I have not the statement by me so cannot give the figures exact) and find that it was our portion of expenses in maintaining Wallbrook and Madison Av. prior to their sale and we all signed rects for it just as if the amt had actualy been paid to us. I think you will probably recollect the paper.

You will see from the above that we each receive a balance of about $125 in cash except your own case which is changed by the charge for the horse.

In addition to the above there will be a check for $32 12/100 for each of us which is derived from an item
