C 4 6 7

1882 September [redacted] Galloway C. Morris incoming letters 1994

ISRAEL W. MORRIS, *Prest.*
WM. YARNALL, *Treas.*

OFFICE OF THE
Coal Ridge Improvement and Coal Company,
~~314½ Walnut Street,~~

Philadelphia, 187

This would make your acct about as follows

Amt due to equalizing division of securities	8.96
Amt due in division of Income, less amt paid for your acct in ~~expenses~~ at Wallbrook &c.	547.49
Amt due in division of balance of principal	32.68
	589.13

Amt due to Executors for Colateral Inh Tax on Real Estate including our interest in Wallbrook	464.54	
Amt due to Executors for Horse they having charged themselves with this as if actually rect.	300.00	764.54
balance due by you to Executors.		$174.61

My figures may be not right to the cent as some of them are made from memory but the general result appears to me to be about correct.

In the case of each of us (except yourself) we will receive in final division by the Auditors report $126.58 to one and $126.52 to each of the other two, you having credit on the horse for a similar amt.

I am afraid that I am mixing matters up more and more by my attempt to work out details without data so I will stop with the statement that I have made above in regard to the probable correctness of the acct.

I will come on for Father if necessary but I am so busy that it would be a great comfort if you could bring them down without serious inconvenience. If not I will report for duty when the time fixed for their return

I have heard nothing further from Haas about Virginia land.

Yours
Israel W Morris
