He has his duties to perform and to secure his success he must start fair — any thing lost now can never be recovered — Only remember that it will be a gratification to me, and contribute to my comfort to have him unless it will interfere with his studies — I take it for granted that some one has informed you of the marriage of Mary H. + Mr Brown, on the 6th ult. at Heligoland, an island 1 mile square + having 2 Cows to supply with milk the resident population and the company resorting there for sea bathing. It belongs to Great Britain + they were married by a Lutheran Pastor using the English Marriage service + the ~~Bro~~ Certificates were "Friends" form + signed by the Governor representing Her Majesty Victoria + the Pastor + Company — It is rumored that they are on their way home to Albany — Your Uncle Israel is laid by with cold, William has bought the Chegaray Institute house on Spruce with lot running across the end of Fred's + designs living in Phila

Your loving father
