Dear Sir, Your letter of 22d from Saint George, came to hand. I presume you are home again by this time. The Union Springs case has been appealed but before it can be heard, the record must be printed & the costs paid. I have already advanced very considerable sums, in these efforts, & am unwilling to do more. I have kept & will keep my contract in both letter & spirit, but I do not think that the same spirit is shown upon your side, and I will not go further. I have written Miss Hollingsworth, telling her, that you & I cannot agree & asking her to adjust the matters in dispute between us. I cannot see no other course to pursue to get them adjusted. There are still two expensive suits to be brought, as to which suitable contracts cannot advantageously be made in West Virginia.

Very respectfully
John E. Roller
