1884 October - December Galloway C. Morris incoming letters MS 1994

Ivy Neck
Nov 7th 1884

My dear Sister

Your letter of the 5th containing the check for rent of store was received last night, and should have been acknowledged immediately, but that I had a little piece of work which it was necessary to finish, and after that it was too late to do any thing but retire. Thank you for the check and also for the letter. There is but one hesitation in my mind about allowing the Trust Company's lawyers to arrange about the title to the store, and that is that in what business they attended to for us before

Give my love to Mary Gibson if she is with you and tell her I felt disposed to try whether a telegram would bring her down to us, until I heard that she was with Hannah when the girls left, and I fear she had not completed her work

as Baltimore under Roberts escort to see about having a dress made for Cornelia, as Mary Gibson did not get here or send us any message that she could come this Fall! They will return tomorrow night This has been a lovely day for their trip, I only hope tomorrow will prove equally so. A letter from Cousin this evening mentions the probability of her going to stay with you if she is with you, give very much love to her and a good report of our condition, I find it is too late to write to her to night, but I will by Monday's mail With fond love to Han and to the boys and a good share for yourself

Believe me Your loving
Sister

Mary H. Murray
