1884 October - December Galloway C. Morris incoming letters MS 1994

Ivy Neck
Dec 3rd 1884

My dear Molly

I have your two last letters enclosing the accounts, unanswered and avail myself of a quiet evening for the purpose of acknowledging their receipt. As regards the Insurance Policies Harry says they have never been here and to make sure of this however he has searched in the fire proof and they are not here. He thinks that Israel had both of them in Eighth Street when we first had a meeting there to arrange about the farm, and discovered that the Franklin policy was missing. Were they not in one of the boxes that you took from Spruce

Thank you very much for your invitation to come and stay with you and at some other time I will be very glad to do so, but just at present Christmas is so near that the little time I can be away from home I must be nearer the stores, and also it would not I think be kind to Han to intrude upon her just now. Harry is obliged to be in Baltimore next week if he is well enough. He has been suffering a good deal for several days with rheumatism but as it was rather better to day has gone to the lecture which Dr Fair is to deliver, and I do not know what will be the result of it. We both appreciate your invitation fully, and would be glad to accept of it, and very likely will at some other time, and shall be glad to have the visit

Also of the family are away this evening at the lecture which is on Ireland and the Irish. I must write to Cousin Co with you say good bye to you with fond love till your circle

Your loving sister
Mary R. Murray
