My dear Gale

I suppose by this time you are safely settled in your Uncle Charles's St James Place. hope you will find them comfortable. My object in writing just now is to ask what you would like done with "Gypsy" as it is about time for them all to be put up and on entering file. not an empty stall. If you wish please her down here & home we could Rob could board her for you as he has stalls now at Polks Hill, Lothian & which all join.

Affect'ly yrs
