My dear Gally

Havry received your letter, with a copy of one you had just received from J. G. Fulton & Co. of Pittsburgh on Monday evening. He was unable to answer it that night being very tired and also having Aleck Murray to entertain. In addition to which he says he cannot write after night - I do not wonder at this now as he is very busy all day and when night comes finds it difficult to sit up, generally goes to bed by half past eight. Tuesday Morning

We are in for an easterly rain I think and I presume it will reach Lake George also. Our family is somewhat scattered at present, Emily has been in Danville at Mip Harrisons wedding, and is to night to come up the bay from Richmond Cornelia and Charley are at Oakland he was very sick with an old time bilious remittent fever - and as soon as he was able to be down stairs Morris advised him to go away, as he would get strong sooner, and could not go to work before the 2. th of this month - So they went right away & he has been improving ever since he left here. It went very much against the grain for him to go but it was a necessity and had to be done at once. As you do not say any thing of Hannah especially I suppose she is well as usual and doubtless thankful to have Ellis ton on this side the water - but I believe he is to go to The Hospital is he not? Sally has been superintending and doing the heaviest part of the preserving the last few days - all of us help with
