Melrose Feb 24th

My dear Sister

It is a very long time since I have heard anything from you, do write, tell me how you all are and what you are doing and how you like W R in the winter. I have nothing to tell you of our neighborhood for I have only seen three of our neighbors, they are very plain people.
We have all been very well and very busy here this winter, the Dr is making a Tobacco bed to day. How are the roads with you here they are dreadful they tell me, out of the question getting to Church in the Carriage, so that I have not been at all since I came up here.
When are we to see Harry & Jim I have looked every day until I am tired & now despair, How I do wish you could pay us a visit, when will that be
