My dear Harry

Your letter of the 26th was received yesterday - I am glad that you have written to accept the proposed situation in Phil.a it will be far more agreeable & probably even more profitable than the one you are now in, let me know at once what Mr. Lothrop thinks of your leaving & whether it will be necessary for Mr. Kemble to see Mr. Fuller about it; Col. Monroe said that he could arrange it all without any difficulty - I had meant

Bill, you had better write to Lillock to send it to R. in Phil.a or you might send it to him - I have been too busy to see the 200 Greenstreets for some days - in 2 or 3 days I will have got through the examn. when I will go to see Mrs. Lee, tell our friend - let me know at once what is to be done in regard to your present Employers whether Mr. & myself had better see them & set matters right in regard to your going -

My love to you
