"I found Mrs. Morise (or Morris) & Miss Hollingsworth & Mrs. James Howard in the parlour. Jilly Johns would have come but was sick abed after dining on Lockfish & Mrs. Cheston rode with me to (Feasts?) Garden, from there to the Mill three miles from Town attended by Cousin James & Galloway. Found when we returned some old Quaker friends ready to receive me. Gen. Greene & Eliza had called while I was out, but the General came again soon after I got home. Mrs. Greene never leaves her suffering child who they think never can be better."
