1905-1906 C. Forbes Colhoun Wednesday

she won't forget. There was a dance at Windsor Wednesday night it was right much fun but nothing like the Christmas one. I am trying to get up a surprise party for Annie Parker for Tuesday night as that is her birthday - Cousin Rod comes down on the boat to-morrow with fire works it will seem quite like old times only I wish you were going to be here too. There is going to be a sailing party Saturday & it isn't going to start until after the boats get in so you better come down for it, I am

Many happy returns of the day honored brother, it seems hard to realize that you are twenty three, you will have to accept the letter now and a cravat when I have a chance to make one. I meant to write so you would get this yesterday but I neglected it. I had a letter from Augusta and she can't come I am very much disappointed, but she wants me to pay her a visit in the Fall, & I would love to go so I hope

Dear Percy,

I have only scraps but am only going to write a short note as you owe me three letters. Have you heard anything from Raymadier. I really am beginning to be worried as I haven't heard a thing for nearly six weeks. Couldn't you call up the American Pipe Co. & find out where he is, or write to Mr Dawes, please do for me. I think it is awfully mean of him not to write. How is Katherine's baby & did you see her on Sunday. Aunt Polly saw the notice of Cousin Chas Morris' marriage to Miss Parker in the Phila. paper. Mr. Meidermann wrote to me to know if he could cut the grass in the back yard

and I referred him to you has he telephoned you about it. Mary got her satchel in Baltimore. Aunt Olivia is going to Cohert next week and ~~after that~~ I am going to stay with Olivia & the next week to Windsor. Anne said yesterday she was going to write to you I suppose I say that I haven't been to stay with her I have spent two nights there and she hasn't been here at all. I had a visit

from Willie & Clap have last week. I wish you had been here to help entertain them. I find this is getting to be a letter so must stop. Please do find out something about Raymadier for me. telegraph him Cockett.
