Kindness of Ella

I want to come and see you one day before school closes. When I see Ella getting on the train every morning it makes me fell like going back to school again I only wish that I was going to school now. Griselda I was very glad to hear that you did so well in the monthly examination but was very glad that you came so near getting the medal, I only wish you had gotten the medal. I hope you will get it the next time. And I was very glad to hear that Warfeilld did so nicely But I cannot tell you how surprised I was when you said he did better than some of the third year pupils, I was real glad that I was not there for I would fell very much ashamed to let a little boy like him beat some of the older ones and this is the only year he has been in the grade. Tell him for me that I hope he will continue doing so well, and I hope that he may pass the last of June. I was very glad to hear that your and Charlie's love was just the same I hope it will always be so, for I think that he is just a cute & nice as he can be. I was sorry to hear that Ella's and Jamie's love is fading, I was not very much surprised for I did not think that his love for her was very true, I think he is only fooling her. Don't tell her this for anything for I suppose
