Murray family letters 1994

My dear Mamma

I wonder whether a H. S. S. Metal Market has been opened in Balto. and if it has whether you have received at notice. I am enclosing a notice which came to me, and I thought if they have opened one in Balto. and you had not heard of it, you and the girls might be interested - for if I remember rightly you have at least two old broken plated water-pitchers if nothing else - They are particularly anxious I believe for articles plated on pewter but will not take any plated on brass - I did not know before that any plating was done on brass - There was quite an extensive parade this morning, we had a good view of part of it from our window, and the
