in Pa. the same land for which I gave a Quit Deed of my title to Bickel & Co in 1874. I told Mr Sellers of the Memorandum of Bushrod Washington which had been rec'd in that case, as conclusive evidence that James Wilson had purchased the land from Douthat. Mr Sellers would like a Copy of that Memorandum, for some parties in whom he is interested. Have you that paper or have I? I was looking over some papers relating to that Bickel transaction in the Spring, & did not see that Paper among them, & thought you might have it. I told Mr Sellers this, & that you would not be back from Lake George for several weeks & he said, he would wait your return, as you knew so much about the Bickel transaction, tho' his parties would have liked the copy of the paper & some other information on the subject by the middle of this month. Your dear father is still up stairs, and about the same. Sends his best love to you all, in which we all unite. Hope to have Ellislow with us in the course of the day. Yours lovingly Cor: Emily
