My dear Cousin Emily

I last night received the enclosed from Mr Poller and have first written him as per enclosed copy receiving Check for $55.46 as regards the $25 - I do not think it amiss at all as it is not a charge for Council fee but one for services rendered in getting the papers received and for attending to the business and I think has been fully earned - I am sorry to write so short a letter but am pressed for time. Write soon & much love.

Affect yr

If you allow the $25 send me check $80.46
