SIDE TWO

no way to communicate with him - on account of the stormy weather - but had sent a telegram - 's the boat on Saturday. Charley said he found it would only make a difference of a few dollars ~~[illegible]~~ in the expense whether he remained there or came home and he wanted to talk over affairs with Harry. Roller wants Charley to testify as your Agent that the houses at Union Springs are of no value to you. It seems that they are owned by a Company who value them at four thousand dollars. Charley is pleased with a great deal of what he saw - he says the people who are on your land were just as nice as possible to him, and were very much pleased when he told them that he had come directly from you to see after your interests there. Charley goes up on the boat to day and will be in Harrisonburg tomorrow morning in time for Court and he hopes the case will come up promptly so that he can come directly home and as soon as he does get home dear Cousin he will go on to Philadelphia to see you and make a report of all he has seen and done I am sorry to do anything that will interfere in any way with your visit to New York He says that he will try to go on on Saturday and to see you on Monday spending Sunday at Lenni with his brother George. If you have gone to New York - it will be time enough ~~[illegible]~~ if you would return to Philadelphia on Monday Morning so that he can see you at any hour that you will name after your return. Monday and Tuesday are holidays on the farm so that time suits him best to be away from here and there are some matters that it will be best for him to talk to you about at once. He will probably take Maynadier with him and he is to have a visit to the Zoo, some time on Monday either with his Father or his Aunts. I presume if you have not left Philadelphia that you would rather wait until after Charley has seen you, if so let me know at once and if he can manage it he will go on ~~sooner~~ if you would rather. He hopes to return day after tomorrow from Virginia, and if you are still in Philadelphia would go on if possible sooner to see you, ~~but~~ as this is doubtful ~~the best plan is~~ I presume
