MARKETS.

BALTIMORE MARKET, Feb. 3, 1877.

Wheat, best Maryland,	$1 52
Corn, prime White,	58
Corn, best	48
Rye	72

The grain market is firmer than it was at the first of last week.

Local Record.

—This is pancake day.

—Don't forget Dr. Villers' lecture to-night.

—The wheat is looking badly.

—To-morrow is Ash-Wednesday, the beginning of lent.

—The Easton Mozart Band, Capt. Hulse, has ordered new caps, for their parade on the 22nd inst.

—The fishermen on both sides of the Choptank are eagerly looking out for the "first herring."

—Wednesday is St. Valentine's day. Trippe, Kinick, Henry & Goldsboionga, and others, have a variety of beautiful valentines for sale.

—The Marlborough *Gazette* comes to us in deep mourning for its late editor, Judge Wilson, whose death we noticed last week.

—The thieves are still at work about town. A few nights ago they stole Dr. Barber's corn, and Dr. Smithers' chickens.

—The public roads of the county are getting quite dry, and the traveling is almost as good as it is in summer, except in places.

—Hon. P. F. Thomas, M. C., will accept our thanks for a copy of the Report of the Department of Agriculture for 1875.

—Mr. Comptroller Woolford has discharged Insurance Commissioner Miller, and appointed Dr. Jesse K. Hinds Insurance Commissioner.

—If you have not already trimmed your grape vines do it at once. If it is delayed until the sap starts, they will be injured by bleeding.

—The report which was circulated last week that the train on the Md. & Del. railroad was not to stop running, is incorrect. The cars will continue to run until the road is sold.

—Mr. and Mrs. George S. Palmer of Centreville, had a surprise china wedding on the 3rd inst. to celebrate the 20th anniversary of their marriage.

—The steamboats on the Chester river have commenced running again. Col. Ford is having a new steamer built in Wilmington for his Chester river line.

—J W Cheezum & Co received per steamer on Saturday a large invoice of spring goods. Give them a call. The old established house is the place to get goods at bottom prices.

—Thompson & Kersey have spring calicoes displayed at their store door, which shows that they are promptly responding to the nice weather we have had for the last ten days.

—"Angel of night" is what Dr. Bull's Cough Syrup has been termed by parents, whose crying and coughing children have been relieved and cured, and secured sweet slumber by using this excellent remedy.

—Our sportsmen have been killing lots of wild ducks since the ice disappeared from our rivers. They shoot them out of sink boats. One boat bagged one hundred ducks on Saturday somewhere in the neighborhood of Kent Island.

—Mr. Hollyday's famous wild boar, noticed in our local column sometime ago as a terror to the neighborhood, was captured on Friday, and is now confined in a pen. He is as vicious as a mad dog. He would be exhibited in town but for the fact that we have no lion tamers in our museums.

—A report has been circulated through the papers, that a decree has been passed in Delaware for the sale of the Md. & Del. railroad, and that the road is shortly to be sold. We are authorized to state that the report is not true. No decree has yet been passed in Delaware for the sale of the road.

—This is no intoxicating beverage or doctored liquor to lead the tippler on to drunkenness and ruin, but a strictly medical preparation made from roots and herbs, suitable to any age or condition As a family remedy, Hostetter's Liver Regulator is equal to an entire medicine chest.

—Tuthill & Avery have recently put up in their factory rotary shears, double seamers, and square shears, by which machines they can cut out and make tin pans almost as fast as they can be counted. They are now making large quantities of all kinds of tinware to supply the trade of this and adjoining counties. They can manufacture it as cheaply as any house.

—There is a project on foot to move the market house back to West street. Can the funds be raised to do it? That's where the rub pinches. It would be a good thing to do if it could be done. It is a very ugly building, and it is a pity that it can not be hid away on some back street. It has no floor on the lower part of the building, which, we think, would render it very difficult, and expensive, not to say dangerous, to move it.

—Robert S. V. Hopkins, (a sample clerk or salesman) formerly of this place, who was arrested some time ago in Philadelphia, and jumped his bail, was re-arrested in Baltimore on Friday, charged with selling a lot of samples of jewelry, with which he had been entrusted by a house in Philadelphia. We hope, for his family's sake, that the case is not as bad as the papers represent it.

—Hualins have advanced ten per cent. but Kann is selling at the old prices, having had on a heavy stock when they were down. He is also selling off his winter goods without regard to cost. Now is the time to secure bargains at his cheap store. The first of next month he will ship to Baltimore all of his winter goods left over, to make a room for his full stock of cheap spring goods. Mr. Gosnell is now in the city selecting new spring goods.

—The boats of the Maryland Steamboat Company have resumed their trips to Easton Point and Miles River Ferry. The Pentz came to Easton Point on Wednesday evening, heavily laden with freight, the Champion having sufficient capacity to move the enormous quantity of freight which had accumulated at the company's wharf in Baltimore. The freight houses and wharf at Easton Point on Tuesday morning were piled up with boxes, bags, barrels, and other freight, and the carts and wagons engaged in hauling up, presented a scene about as busy as Pratt street presents when the steamers are in.

—The Easton town hall company have been repairing their hall. A new drop curtain and the seats have been painted and put up by E. J. Field, of New York, who has been fitting up the town halls on the Peninsula. The stage of our hall needs three more scenes and, and then we would have a very creditable town hall. The halls at Chestertown, Centreville, and Middletown, each had four scenes put in by Mr. Fields, but the directors of our town hall company could not be persuaded to take but half a leaf, although, we think, the interests of the company requires that a full set of scenes should be put in the hall. The reason the hall wont rent any better is, those who hire it for theatrical purposes have to spend all they can make to fit up the indispensable scenery Put in the necessary scenery and then it will rent.

—FOR SALE—A Grover & Baker Chain-Stitch Sewing Machine. Inquire of the editor of the Star for particulars.

—THE MARKETS.—Gold is $1.05½. Best wheat in Baltimore is worth $1.57. Prime corn is worth 58 cents Oats 40 cents.

—TROTTING MATCH.—There will be a trotting match at Hambleton Park fair grounds on the 22d of February, inst., at 2 P. M., for a purse of $50 between Champion, Little Fraud, Corn and Tansey, mile heats, three in five. The track is now in fine order, and if the weather is good, splendid sport may be expected.

—HOUSE ENLARGEMENT.—T. C. Nicols is building a large addition to his hardware store, next to Elliott & Rathell's, with a view to using his stove and tin business up from the dry goods town establishment, which is hereafter to be used exclusively for the storage of machinery, clover seed, fertilizers &c. The addition, when finished, will give him about double the room he now has in his store. Mr. Nicols has rented the back building attached to his store, which will be used for storage purposes, to accommodate his large business.

—DR. VILLERS' LECTURE.—Don't forget Dr. Villers' lecture this evening at the town hall, on "The Funny People We Meet." The lecture will be replete with humor and pathos, and from the reputation of the lecturer, we may expect the finest literary treat we have had during Mr. Dodson's Star Course. The hall should be crowded.

—REAL ESTATE IN ST. MICHAELS FOR SALE.—J. W. Bryant, Esq., trustee, advertises to sell at public auction, a valuable property on Mulberry street, in the town of St. Michaels, on Saturday, March 17th, at 5 P. M. The property belongs to the estate of Miss Mary Thomas, and is one of the best locations in the town.

—THE AMERICAN FARMER.—The February number of this time honored but vigorous farm journal has reached us, full as usual of matter suited to the season and to the needs of our farmers, all of whom would find that a year's subscription to this practical periodical would be money well spent. Not only the staple crops, artificial and home made fertilizers, but fruit and vegetable growing, improved stock, dairying, poultry, &c., all have due attention, and a number of useful engravings are given, not to fill up space, but to illustrate the sense of the articles. To clubs of five or more the price is only $1 each a year. Single rate $1.50. The publishers are Samuel Sands & Son, Baltimore.

—DR. VILLERS.—Read what the Passaic *Herald* says about Dr. Villers, who will lecture in Easton this evening. It says: "Dr. Villers' lecture came off in St. George's M. E. Church on the 26th. This gentleman has the reputation of being one of the most amusing lecturers now on the American platform. We heard him in Paterson (where he appeared two seasons for the Y. M. C. A.) and it was a week before we got our mouths straight. He changes himself so quickly, to illustrate the different 'Funny People We Meet,' that his audience wonder each time 'where this fellow came from, and where the other fellow went'. One of his lectures is better than a bottle of Bitters for dyspepsia; better than milk punch for the blues; better than the death of a rich aunt for downheartedness; better than anything for everything. He is himself one of the Funny People we meet. Go and hear him and we'll guarantee 'that those will laugh that never laughed before, and those who always laugh will laugh he more!'"

—LENTEN SERVICES.—Services for St. Peter's Parish, P. E. Church, during Lent, will be held at Christ Church, Easton, Rev. R. Wilson, Rector, as follows:

Ash Wednesday, Feb. 14—Services and sermon at 11 o'clock A. M.; Evening Prayer at 5 P. M.

First Sunday in Lent, Feb. 18—Confirmation by the Bishop.

Daily Services—Monday, Tuesday and Saturday, at 5 P. M.; Wednesday at 9 A. M.; Thursday with Lecture at 7:30 P. M., and Friday. Litany and Reading at 11 A. M. Holy Communion every Sunday.

Holy Week, commencing March 26th—Service daily at 11 A. M. and 5 P. M. Good Friday, March 30, Service and Sermon at 11 A. M.; Evening Prayer at 5 P. M. Easter Even, March 31, Service at Sunday School room, with lecture at 7:30 P. M. On Easter Day, April 1st, the undesignated offerings will be devoted to the organ fund.

The Subject of the Lenten Lectures will be: "The Christian Life: 1st, Its Beginning; 2nd, Its Sustenance; 3rd, Its Obligations; 4th, Its Privileges; 5th, Its Influences; 6th; Its Rewards; 7th, The Church at Rest."

—ANOTHER WEDDING.—Christ Church was crowded at 11 A. M. last Tuesday by ladies and gentlemen from all parts of the county, to witness the marriage of Mr. Thomas Wilson, of Dover, Delaware, and Miss Mollie Bartlett, of this county. The bride looked very pretty, and was dressed in traveling costume of brown silk, and was attended by three bridesmaids, Miss Mary Dixon, of this county, and Miss Sue Wilson and Miss Mamie Hayes, of Dover. Mr. J. Thomas Bartlett, of this county, and Messrs. Wilson and Clark, of Delaware, were the groomsmen. Judge John C. Bartlett, her brother, gave the bride away, and the marriage service was performed by Rev. Mr. Fitzhugh, of Trappe, the bride being a member of his congregation. As the wedding party entered the church, "The Wedding March" was brilliantly rendered on the organ by Mr. L. Dodson, Jr. John W. Cheezum, Esq., the bride's uncle, gave them a reception at his residence on Dover street, where the happy couple were congratulated by their numerous friends. After the reception the bridal party took a special train for Clayton, to take the afternoon train for New York, but an accident occurring to the locomotive, at Cordova, the party had to return to Easton. Later in the afternoon they left in another train for Clayton. The young people on the train had a jolly time during their four hours detention at Cordovo, to write up all the amusing incidents of which would require at least a column of the Star.

THE IMPORTANT QUESTION.

Of all loathsome diseases Catarrh stands pre-eminent. It renders its victim as disgusting to himself as to others. And the most humiliating of all is the consciousness that his presence is offensive to those around him. If any disease deserves the name of universal, it is this. Dietetic errors and the follies which Fashion imposes upon us tend to foster and disseminate it. To the pitiful cry of the victims, *is there any cure for Catarrh?* there is but one answer consistent with Christian reason. God has never sent one evil into the world for which he has not sent the remedy. For the greatest of all spiritual and moral evils, the Great Physician has prescribed a potent and never-failing remedy. He has given explicit rules for the treatment and preservation of the spiritual and moral man, but He is silent in all matters relating to the physical man. It would be an unwarrantable detraction from His beneficent character to suppose that He has afflicted the greater portion of humanity with an incurable disease. The day of plagues is past. The God of Christianity is a God of Love, of Mercy, His message is "good will to all men." The earth and all contained therein was intended by the great Designer to supply man's wants; and surely he has no greater want than remedies for his infirmities. Science is rapidly proving that the earth is fitted to supply man's uttermost need. New medicinal plants are constantly being discovered and new properties developed from those already known. For Catarrh the most potent remedy yet discovered is Dr Sage's Catarrh Remedy. Its efficacy has been tested in many thousand cases with uniform success. Cases that had been repeatedly pronounced incurable, readily yielded to it. In confirmed, or obstinate cases, Dr. Pierce's Golden Medical Discovery should be taken in connection with the use of the Catarrh Remedy. Full particulars in Pierce's Memorandom Books. They are given away by druggists.

THE GREAT EXPOSITION.

We have received from the publishers, Messrs. Hubbard Bros., of Philadelphia, advance sheets of a forthcoming volume, which will greatly interest every American. It is entitled "THE CENTENNIAL EXPOSITION DESCRIBED AND ILLUSTRATED," and is a complete history and pictorial representation of this grandest world's fair the world has ever known.

The exhibits of the various nations are taken up in the order of their prominence, commencing with the UNITED STATES, the most notable and characteristic of whose exhibits are carefully noticed, whether in the MAIN BUILDING, MACHINERY HALL, AGRICULTURAL HALL, GOVERNMENT BUILDING, MEMORIAL HALL, or in the numerous smaller structures erected all through the grounds by American exhibitors. In the same manner is treated Great Britain and her Colonies, Germany, France, Russia and Brazil, minor European states, South American republics, Africa, Asia, so that nothing that is of striking and prominent interest is overlooked.

Suitable space is devoted to a description of the different State Buildings, and of the interesting ceremonies of the great State days, celebrating the individual prosperity of the original thirteen States, and also of the MEMORABLE PARADES AND ANNIVERSARIES which have been held in Philadelphia, by the different organizations, societies, &c., in honor of the Centennial commemoration of our national interests.

An interesting account is given of the remarkable LIVE STOCK EXHIBITION; Biographies of the prominent Officials who have conducted this great enterprise with distinguished ability; particulars of the Awards granted to Exhibitors; the superb and enduring Medals commemorative thereof; and to complete this memorial volume, a graphic delineation of the imposing closing ceremonies of the Exhibition.

It has been prepared from material gathered on the grounds, by the most careful, patient and laborious research, and from official sources, and though it does not claim, as some do, to be by official authority, it commands confidence thereby, Gen. Hawley having announced that no book has any right to such a claim.

But the interest and value of the book lie largely in its profuse and brilliant illustrations. In this multitude of finely executed engravings the main features of the Exhibition are vividly impressed on the mind of the reader in a way that words cannot do. It is next thing to seeing the great World's Fair itself. We advise our readers to examine the book carefully should they have an opportunity. We presume the publishers want agents in this vicinity, and we hope some of our energetic young men will improve what seems to us an extraordinary opportunity to favor our citizens and profit handsomely by it.

—We have received the January number of LEISURE HOURS, a handsome mammoth 16 page (64 columns) family paper, filled with the choicest literature—serial and short stories, sketches, poetry, wit, humor, &c., &c. It is entertaining, amusing and instructive, and is one of the cheapest papers—the amount and quality of matter considered—that we have seen. The price is $1.20 per year, including as premium a genuine fine-line steel engraving, called "The Mitherless Bairn," printed on 22x28 plate paper, which the publishers claim is superior in point of merit and attractiveness to any premium ever offered by any other paper in this country, and is alone worth the money asked for both. The publishers, J. L. Patten & Co., 162 William st., New York, authorize us to say, that in order to introduce the paper in this vicinity they make a special offer to every one of our readers to send them the paper—a "trial trip" of four months, post-paid, commencing with the January number—for 25 cents. Our readers who avail themselves of this offer will, we feel certain, thank us for having called their attention to it. The publishers of LEISURE HOURS would like to employ some one in every place to canvass for this paper.

GLEANINGS

—Judge Carpenter's decision gives life to hope for South Carolina. The injunction keeps the hands of the Chamberlain thieves out of the state treasury—they can't get hold of a dollar while it lasts. The usurper and his followers are not the men to hold on to a barren prize They can make more money at ordinary pocket-picking than they can get out of the South Carolina coffers with the lids nailed down by an injunction. The South Carolina sick man is improving.

—That victory said to be won by General Miles has a very dubious look. The Indians appear to have fought with great resolution, and the United States troops lost four killed and a number wounded. The Indian loss is said to be very heavy, because the field "showed traces of blood." But they seem to have carried off their killed and wounded if there were any such. General Miles pursued the Indians "as far as his limited supplies would permit." This may have been a very short distance.—*Balto. Gazette.*

—The Farmers and Merchants' National Bank of Hartford, Conn., which has a capital of $1,100,000, and surplus of over $400,000, is found to-day to be a heavy loser, owing to overdrafts and loans made without the knowledge of the directors. The capital will probably not be impaired. Nothing has been discovered implicating the officers.

—Judge David Davis left Washington last Saturday evening for the West, intending not to return until the inauguration of the new President, when he will resign his place as a Judge of the Supreme Court. He has prepared opinions on all questions assigned to him, to be presented to the court when it meets again.

—The Governor of New Jersey has reprieved Ryan and Oschwald, who were sentenced to be executed on the 9th instant, until the 15th inst. This was done to give an opportunity to have the whole case opened for review on a writ of error.

Col. John McDonald, of whiskey fraud fame, received an unconditional pardon Monday and was immediately released from the penitentiary at Jefferson, City, Mo.

Business Locals.

☞Frank Wright's omnibus is now running passengers free of charge for the Paragon House by arrangement with the proprietor, Mr. John Cox.

☞I. L. Steiman, the ready-made clothe dealer, on Dover street, has just returned from the city with a very large and *very cheap* stock of overcoats, dress coats, business coats, boys' coats, pants, vests, and under clothing. His long experience and thorough knowledge of the clothing trade, enables him to buy where the best bargains are to be had, and his large business has been built up by selling at a *very small profit.* He offers now greater bargains than ever before. In *fine coats, vests and pants*, he defies competition, and earnestly invites those wanting new suits to call and see for themselves.

FEED STORE.

The flour, meal, and feed store of Parker & Brother, between the Brick hotel and Post office, Easton, is just such an establishment as the town wants They grind their stock at their own mill, use only the best grain, and sell at mill prices. Their store is central, they fill orders and deliver goods anywhere in town, and invite the public to call and examine their stock and prices. They sell by the barrel, bushel, or in smaller quantities, to suit customers, and keep a full stock of feed for both man and beast. Give them a call.

IMPORTANT TO ALL INVALIDS. IRON IN THE BLOOD.

The PERUVIAN SYRUP, a protected solution of the protoxide of iron, strikes at the root of disease, by supplying the blood with its vital principle, or life element—Iron. This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood or accompanied by debility or a low state of the system.

Deaths.

HARRISON.—Near St. Michaels, on the 20th ult., Mrs. Mary Harrison, aged 64 years.

MULLIKIN.—Near Trappe on the 7th ult., of inflammation of the brain, Norman Sloane, oldest son of Geo. A. Mullikin, aged 4 years.

FALL AND WINTER HATS!

JAS. H. LINTHICUM at his Old Stand has the pleasure to announce to his friends and the public that his stock is now complete with all the special styles for Fall and Winter wear, in the different grades of quality. He desires to call attention to two facts:

He has the

LARGEST STOCK OF HATS ON THE SHORE.

His prices are always as low,—in most cases lower than can be found elsewhere.

An examination of his stock and prices is earnestly requested.
