The new Fountain hotel at Rehoboth, is to be 100 feet long, 49 feet wide, three stories high, and is to be completed by the first of June. Ratliff, Twigge & Co., have the contract to build it.

A revival of religion has been going on at Laurel, Delaware, under the preaching of Mr. R. Page. 90 persons have joined the church since it commenced. This is the way sinners to some purpose.

Mr. J. R. Stebbins' house, on Dover street, came near burning down on Thursday. A spark on the roof from a spark; the fire discovered in time to extinguish it before much damage.

Look out for your health at this time. For prevention is better than cure. Coughs and Colds and such affections of the throat and lungs as lead to consumption are cured by Dr. Ball's Coughs Syrup.

Mr. Omar says, Dr. Robert M Dawson moves from Royal Oak to Easton. This is a mistake. Dr. Dawson is practicing his profession in Bay hundred and Broad Creek and will fill the vacancy caused by the death of his cousin, Dr. William H. Dawson.

A revival of religion at the Southern M. E. Church, at Trappe, under the ministry of Rev. Dr. Prosser, continues with great interest. A large number, including many of the young men of Trappe, have professed conversion.

Public attention is directed to the advertisement of Mr. H. Lane, offering a fine lot of Apple trees for sale. Those in want should do well to see him, at the Farmers', before he sells them, as they may be a bargain.

The Wilmington Board of Trade wants the legislature of Delaware to appropriate money annually, to support a nautical school on the Delaware bay, in order that the hoodlums of Wilmington may be taught navigation, rigging, and other salt water accomplishments.

Thomas P. Dudley, Esq., Register of Wills for Queen Anne's county, is suffering with dropsy, and his recovery is doubtful. Capt. McCabe, one of the Judges of the Orphans' Court of the same county, is also suffering with the same disease.

A powerful religious revival is going on at Mt. Pleasant Church, at Chestertown. Over 100 conversions are reported. A revival is also going on at the M. P. Church, at Chestertown, where 40 conversions reported. The preachers recently made a flank movement on the town of Chestertown.

At our notice of the Easton High School, last week, Master Alexander Fountain was placed at the head of the class in Astronomy. It should have been Master Levin Jones, who scored 76. Master Fountain's name was in Rhetoric, where his score was "Honors to whom honors are due." Our notice of the boys of the High School.

Tyndall & Avery are collecting material to enable them to extend their operations, by building an addition to their spacious warerooms on Washington street. The new building will be for the storage of stoves, hardware, and machinery, and will have a wagon entrance to Dover street.

The Baltimore *Bulletin* is entirely mistaken when it says, "Shad never do and never can go up Miles river." We have seen hundreds of the very finest shad caught in nets in Miles river, and suppose they are taken there every spring. They will probably give it a wide berth hereafter, now that they have received orders from the *Bulletin* to do so.

Messrs. Tyndall & Avery have just sold to Messrs. Smith, Esq., near Hillsboro', a fifteen horse power engine and first-class saw mill. The gentlemen are agents for the sale of the Baker & Morse engine and can always be depended upon to furnish first-class machinery at factory prices.

—Col. Hambleton is having a new dwelling house built on Harrison street, nearly opposite his own residence. The vacant lots in town are being rapidly improved. Before long people wishing to build will be forced to purchase lots in Oldfield's Addition, as there will be none elsewhere. That part of the town is bound to shine before a great while.

—Thompson & Kersey have commenced an enlargement of their warehouse, which, when completed, will give them a store 110 feet deep, overtopping anything on the Shore, and will afford them great advantages in exhibiting their mammoth stock of goods. The new spring styles are on their counters in profusion. By the way we notice that our friend, Mr. E. L. White, has returned from the city to clerk for them again.

—"I wish I was dead," is an expression not unfrequently used by the dyspeptic and sufferers from Liver disease; the depressed spirits unfitting the mind for anything, and almost driving him to despair. Be of good cheer; there is life and health for you yet.—Take Simmons' Liver Regulator. It regulates the Liver, dispels despondency and restores health.

—Notwithstanding the unfavorable weather, the lecture of Mr. Stuart Robson on Friday evening was well attended. Mr. Robson is a very handsome young man, a charming reader, and a fine delineator of character. Of the pieces read, we think the first, (the scene between Cardinal Woolsey and Cromwell, in Shakspeare's Henry VIII), and the last, (The New Church Organ, by Will. Charleton), were the best. Both of these pieces were admirably rendered; but the whole lecture was very entertaining, and each piece was received with applause. The lecture of Josh Billings has been postponed to Wednesday evening the 4th of April.

FOR SALE.—A Grover & Baker Chain-Stitch Sewing Machine. Inquire of the editor of the STAR for particulars.

HANDBILLS, pamphlets, cards, circulars and other JOB WORK neatly and promptly printed at the STAR Office.

THE MARKETS.—Gold is $1.04½. It was down to 104¼ on Friday. Best wheat in Baltimore is worth $1.55. Corn 56 cents. Oats 41 cents. Rye 72 cents. Timothy Hay from $14 to $19 per ton.

THE ANDREW O. OZNHAM FARM FOR SALE.—This most desirable property is advertised in to-day's STAR, and will be sold by G. E. Gibson, Esq., Trustee, on the 3rd of April. It has always been considered a No. 1 farm, and offers splendid advantages to those who may want to buy a home.

TRAPPE GRANGE.—The following are the officers of the Trappe Grange, elected for the present year: Master, Dr. Alexander Matthews; Overseer, R. R. Butler; Stewart, J. P. McKnett; Ass't Stewart, J. Thomas Bartlett; Lecturer, M. Merrick; Chaplain, Thomas A. Leonard; Treasurer, Samuel B. Merrick; Secretary, Robert Bartlett; Gate Keeper, Alexander M. Stewart; Ceres, Mrs. Jonathan Leonard; Pomona, Mrs. William Collins; Flora, Miss Sophie Eggleston; Lady Ass't Stewart, Mrs. A. H. Stewart.

EVERY MAN HIS OWN CONSTABLE.—On Friday week two oyster dredgers came to town and went to jail, bringing with them their own commitments. No officer attended them. They had been captured by Capt. Thompson for violating the oyster law. They must be very honest fellows. They come up in the mail stage, and the driver did not know who they were until he got to town, when he asked them if they intended to return with him, and was told they were candidates for the jail. If they were sent here without an officer to save expence, it shows that the officials of St. Michaels are growing decidedly economical.

ANOTHER TOWN.—Michael Connolly and Cornelius O'Daley are building a village in the Chapel district, which they called Irish Town. It is somewhere out in the forest, between Thomas Framptom's land, the Rathell farm, Matthewstown and Lewistown. The property on which the village is laid out, is known as the Wright land, and formerly belonged to Thomas Arringdale, of John, and lately to Capt. Edward Turner. The place is hard to find without an old Chapel pilot, familiar with every soon path in the district. Irish Town, when finished, will be a political rallying point for the naturalized Democrats of old Chapel. Long may it grow.

A MILFORD MAN DIVORCED WITHOUT HIS WIFE'S KNOWLEDGE.—Wm. J. Reedy, of Milford, now an officer in the army somewhere out in the Territories, sends a notice of divorce to the Milford *News*. The notice is dated "New York City, February 21, 1877," and reads as follows:

"This is to give Public Notice to all concerned that William J. Reedy, formerly of Milford, Delaware, and Sallie J. Reedy, of the same place, were legally divorced from the bonds of matrimony, Oct. 14, 1876; G. R. Sims, Attorney."

This is another instance where a New York lawyer has claimed to obtain a legal divorce of a married couple who live in another State. The Milford *News* says:

"The people of this community will be very much surprised at the notice over the signature of Wm. J. Reedy in our advertising columns. The divorce was obtained, if at all, without Mrs. Reedy's knowledge and without cause of any kind or character on her part. She is an estimable lady and has the universal respect and sympathy of the people of Milford."

A DOG FIGHT AND A NEGRO KNOCK DOWN.—Jim Peck's wife's son—a negro boy 15 or 16 years old—is named Marse Banning. Margaret Brooks' son, Dave Brooks, is a negro boy of about the same age. Marse and Dave live near the foundry and each keep a dog. On Thursday afternoon Marse's dog Jack and Dave's dog Dash got into a prodigious fight, and Jack getting the better of Dash, Dave waded in and kicked Jack. Marse retaliated by leveling a brickbat at Dash. Then Dave's dander riz, and he up with a bat and threw it at Marse. Not wanting in pluck, Marse up with another and let it go at Dave's head, hitting him plump between the wool and the horns. Dave fell to the ground insensible, and bled like a hog, and Marse dug out. Attention was then diverted from the dog fight to the senseless boy. How the dogs ended their fight we don't know, but it is most likely that Jack was the winner. At first his friends thought that Dave had kicked the bucket, but Dr. Bateman was sent for, and under his treatment he finally rallied. He was badly hurt. After he returned to consciousness, Marse returned to the scene of action, very much pleased to find that his antagonist was not dead. Boys shouldn't keep dogs unless they can control their temper, and they have no business fighting with brickbats.

"BY THEIR WORKS YE SHALL KNOW THEM."

The Irishman who thought the druggist stingy because the emetic was so small, is only surpassed in his parsimonious drollery by those who persistently adhere to the use of nauseating, disgustingly large and drastic pills, while *Dr. Pierce's Pleasant Purgative Pellets*, which are sugarcoated, and little larger than mustard seeds, will, by their steady and gentle action on the liver, correct all torpidity, thus permanently overcoming constipation.—In South America they have almost superseded all other pills, and are relied on fully by the people, and often used as a preventive of the various affections of the stomach, liver, and bowels; so prevalent in that climate.—Pierce's Pocket Memorandum Books are given away at drug-stores.

SMYRNA, Aroostook Co., Maine, Nov. 6, 1876.
R. V. PIERCE, M. D.:
Dear Sir—I write to inform you that I have used your Pellets for some time, and find them to be the best medicine that I ever used. I have also used your Favorite Prescription in my family with entire satisfaction. I have seen your People's Common Sense Medical Adviser and I think it is the best thing that I have ever seen. Yours truly,
C. SHERMAN.

Business Locals.

I. L. Steiman, the ready-made clothe dealer, on Dover street, has just returned from the city with a very large and very cheap stock of overcoats, dress coats, business coats, boys' coats, pants, vests, and under clothing. His long experience and thorough knowledge of the clothing trade, enables him to buy where the best bargains are to be had, and his large business has been built up by selling at a very small profit. He offers now greater bargains than ever before. In fine coats, vests and pants, he defies competition, and earnestly invites those wanting new suits to call and see for themselves.

FEED STORE.

The flour, meal, and feed store of Parker & Brother, between the Brick hotel and Post office, Easton, is just such an establishment as the town wants. They grind their stock at their own mill, use only the best grain, and sell at mill prices. Their store is central, they fill orders and deliver goods anywhere in town, and invite the public to call and examine their stock and prices. They sell by the barrel, bushel, or in smaller quantities, to suit customers, and keep a full stock of feed for both man and beast. Give them a call.

Sale of a Public Road.

NOTICE is hereby given that on

Tuesday, March 6th, 1877,

at 12 o'clock, M., in front of the Court House, in Easton, the Commissioners of Talbot County, will offer at public sale to the Lowest Responsible Bidder, the contract for building a new Public Road in Easton and Trappe Districts, as laid down by John C. Bartlett, P. W. Stewart, Jr., and Wm. A. Pratt, Examiners, and surveyed by Chas. E. Mullikin, beginning at a point on the public road leading from White Marsh Church, to Dover Bridge, at the Southeast corner of Henry Rabe's Lot, and running through the lands of Francis Schwanenger, Samuel Rinehouse, Goldsborough Heirs, Ephraim Diefenderfer, and others, to the County road leading from Easton to Trappe.

The length of the road, is 2¾ miles, and its width 30 feet.

Ditches must be made and Bridges built wherever necessary to drain the road, and cause ways constructed where needed.

It must also be cleared of all stumps, roots and other obstructions. The hills are to be graded, and the dirt thrown into the middle of the road, so that the centre of the road-bed throughout its entire length shall be higher than either side.

All the bridges are to be substantially made of the best heart White Oak lumber, the flooring to be not less than 16 feet long, and 2 inches thick—the work to be done in a workmanlike manner.

The Contractor will be required to furnish all the material that may be needed for the job.

A Plat of the Road showing the courses and distances, and the report of the Examiners, containing specifications, &c., are herewith made a part of this contract, and may be seen at the office of the County Commissioners by applying to the Clerk.

The road must be made before the 1st of June next, and put in complete travelling order, to the satisfaction of the contractor, *and it will not be paid for until it is so completed and accepted by the County Commissioners.*

By order of the Board of County Commissioners,

WM. H. D. HARPER,
feb20-3t Clerk.
